CAUSE

Mr. Farrell was placed on the location monitoring program with active Global Positioning Satellite (GPS) technology and Stand Alone Monitoring, upon release from custody. This component is utilized for the purpose of verifying compliance with other court imposed sanctions.

Mr. Farrell admitted to a serious substance abuse addiction early during his supervision. He was placed in a 60 day intensive drug treatment program at Pioneer Center North in Sedro Woolley, Washington, on February 25, 2015. He completed the program on April 25, 2015, and released to his parent's residence. He remained on location monitoring during the treatment program. Since his release from inpatient treatment, he has

successfully complied with outpatient treatment. His counselor has given a positive report, advising he is engaged and doing well.

Mr. Farrell has been in compliance with the location monitoring program since his release on bond. This officer discussed this modification with his supervision officer, Kelly Neumeister, who agrees he is no longer in need of Stand Alone Monitoring. Due to his positive adjustment to supervision and success at treating his drug addiction, this officer would respectfully recommend his conditions be modified as noted above.

Mr. Farrell's trial is scheduled for November 30, 2015.

Both Defense counsel and Assistant U.S. Attorney have been notified and concur with the recommendation.

I declare under penalty of perjury that the foregoing is true and correct.
Executed on this 18th day of August, 2015.
